

01 · DIGITAL LITERACY · WHAT IS ARTIFICIAL INTELLIGENCE?

Smart robots, smart choices

What do you see in the picture?

- Stand up if you think this uses AI: film suggestions, a voice assistant, a robot vacuum, a phone that recognises faces.

Good help or risk?

AI helps...

- Reads aloud to blind children
- Spots illness faster
- Translates words

Be careful...

- Fake videos (deepfakes)
- Confident mistakes
- Your personal details
