💡 Artificial Intelligence (AI) is a computer program that learns from lots and lots of examples. It can recognise, predict and make texts or pictures. People built it — and we decide how we use it.

🎯 What I will be able to do

⭐ I explain in my own words what AI is and where I meet it.
⭐ I name three good things and three risks of AI.

📚 Key words

Artificial Intelligence
A program that learns from examples.

Deepfake
A fake video or voice made by AI.

Privacy
Protecting my personal information.

AI mistake
When AI says something wrong very confidently.

🔥 Warm-up

Write one place where you think you meet AI.

1. Write one place where you think you meet AI.

_____

1 Choose

⏱ 3 min

Circle: Which of these is a good use of AI?

- ○ It reads texts aloud to a blind child.
- ○ It writes my whole project and I say I wrote it.
- ○ It makes a fake video of a classmate.

🤝 **Help:** Reread the key words.

★ **Challenge:** Explain your answer with 'because'.
