TEACHERAI · TEACHER DESK GUIDE

The Cyber Detectives

⏱ 45′

8′ | 10′ | 10′ | 9′ | 8′

🎯 Objectives

⭐ I explain what a digital footprint is.
⭐ I build a strong password with a secret sentence.
⭐ I recognise at least three phishing red flags.

🧰 Materials

Slides, 'Agent file' worksheet, a toothpaste tube and a plate · A/B/C cards or corner signs

🗺️ Lesson flow · what I say

🗣️	**0–8′** The mission & the toothpaste	*“Agents, you have a secret mission! Look: once toothpaste is out of the tube, it never goes back in. The same is true for what we post online.”*
👥	**8–18′** The password vault	*“A computer cracks 123456 in under a second. A secret sentence with symbols takes millions of years. In pairs, invent your own — but do not show it!”*
👥	**18–28′** Red-flag hunt	*“Detectives, grab your magnifying glass! Find 4 clues in this message: urgency, a strange sender, spelling mistakes, a link to a 'free' prize.”*
🗣️	**28–37′** Move to vote	*“Go to corner A, B or C: 'A friend wants to borrow your game account. What do you do?'”*
✍️	**37–45′** Agent file & oath	*“Complete your agent file and say the oath together: 'I think before I click, I keep my secrets secret and I speak up when something worries me.'”*

🤝 Support

Read instructions aloud and accept oral answers.

🚀 Challenge

Compare then and now with two examples.

✅ Check understanding

- E.g. I stop, click nothing and tell an adult.
